

# Adaptec HBA Ultra 1200-16e

Kod producenta: 1200U16EXS

Typ kontrolera	SAS/SATA/NVMe HBA
Przepustowość	24Gb/s
Ilość kanałów wew.	0
Ilość kanałów zew.	16
Typ złącza magistrali	PCI Express 4.0 x16
Format	Low Profile
Gwarancja	36 m-cy

The Adaptec® HBA Ultra 1200-16e host bus adapter offers maximum performance with SAS/SATA/NVMe tri-mode functionality, enabling high-performance connectivity solutions for server OEM, storage systems, data center, and enterprise customers.

HBA 1200 adapters include Microchip’s Trusted Platform support which delivers a new level of compute and supply chain security based on a hardware root of trust that is aligned with the Open Compute Security Project, and support Self-Encrypting Drive (SED) management software.

The HBA 1200 supports both Intel® Virtual Pin Port (VPP) for intelligent backplane management and SFF's Universal Backplane Management (UBM) standards to simplify integration and enhance product flexibility for system integrators. Also supported are industry leading storage management including standards-based Platform Level Data Model (PLDM)/Redfish® Device Enablement (RDE) to simplify integration and and Microchip's ChipLink Diagnostic Tool with signal integrity analysis and context sensitive documentation to accelerate time to market.
