

Broadcom NetXtreme N210p 2x10G SFP+ OCP3.0 (BCM957412N4120C)

Kod producenta: BCM957412N4120C

Architektura	10GbE
Złącze	SFP+
Ilość portów	2
Typ złącza magistrali	PCI Express 3.0 x8
Display Connectors	SFP+
Format	OCP 3.0

The Broadcom BCM957412N4120C is a dual-port 10 Gb/s PCI Express 3.0 x8 network adapter designed to the Open Compute Project (OCP) 3.0 Design Specification in small form factor with two SFP+ network connectors. The adapter supports SFP+ optical modules and copper directattach cables. The network adapter uses the Broadcom BCM57412 25GbE MAC controller with an integrated dual-channel 10GbE SFI transceiver.
